SECTION 04:	First aid measures
4.1 Descript	ion of first aid measures
 General ir 	
Seek imme	diate medical advice.
 After inha 	
	h air and to be sure call for a doctor.
After skin	
If skin irrita	ation continues, consult a doctor. y wash with water and soap and rinse thoroughly.
 After eye 	
	ed eye for several minutes under running water. If symptoms persist, consult a doctor.
 After swal 	
Seek imme	diate medical advice.
 Information 	on for doctor:
4 2 Most im	portant symptoms and effects, both acute and delayed
No further rele	evant information available.
	n of any immediate medical attention and special treatment needed
NO TURTINER RELE	evant information available.
SECTION 05:	Firefighting measures
5.1 Extingui	shing media
	xtinguishing agents:
CO2, sand,	extinguishing powder. Do not use water.
	inguishing methods suitable to surrounding conditions.
 For safety Water with 	reasons unsuitable extinguishing agents:
water with	
	nazards arising from the substance or mixture

- Protective equipment: Do not inhale explosion gases or combustion gases.

11.1 Information on toxicological effects	
 Acute toxicity LD/LC50 values relevant for classification: 	
	ISO LD/LC
8013-86-3 Cupressus sempervirens L.	
Oral, LD50: >=5000 mg/kg (rat)	
Dermal, LD50: >=5000 mg/kg (Rabbit)Primary irritant effect:	
Skin corrosion/irritation	
No irritant effect.	
 Serious eye damage/irritation No irritating effect. 	
Respiratory or skin sensitisation	
Sensitization possible through skin contact.	
 Subacute to chronic toxicity: Not determined. 	
Germ cell mutagenicity	
Not determined. • Carcinogenicity	
Not determined.	
Reproductive toxicity	
Not determined. • STOT-single exposure	
Not determined.	
 STOT-repeated exposure Not determined. 	
Aspiration hazard	
May be fatal if swallowed and enters airways.

SECTION 15: Regulatory information

15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

15.2 Chemical safety assessment:

A Chemical Safety Assessment has not been carried out.

SECTION 16: Other information

The information in this safety data sheet is based on the state of our knowledge at the date indicated. The information in this sheet must be regarded as a description of the safety requirements for the product, they are not to be considered a warranty or quality specification and have no contractual value on properties and application areas thereof. The information contained in this safety data sheet relate to the specific material designated and may not be valid with respect to the product associated with another product or process, unless it is specified in the text of this document.

The required information complies with EU regulations in force. It does not exempt the user from knowing and applying all the national regulations in force.

• Training hints

Minimum training in occupational risk prevention is recommended for personnel who will handle this product, in the purpose of facilitating the understanding and interpretation of this form of safety data in the same way as the labeling of the product.
