	number(S)
Identification	
<ul> <li>EC number:</li> </ul>	

- 4.1 Description of first aid measures
- General information:
- Seek immediate medical advice.
- After inhalation: Supply fresh air and to be sure call for a doctor.
- After skin contact:
- If skin irritation continues, consult a doctor.
  Immediately wash with water and soap and rinse thoroughly.
  After eye contact:
- Rinse opened eye for several minutes under running water. If symptoms persist, consult a doctor. After swallowing:
- Seek immediate medical advice.
- Information for doctor:

4.2 Most important symptoms and effects, both acute and delayed No further relevant information available.

4.3 Indication of any immediate medical attention and special treatment needed No further relevant information available.

### SECTION 05: Firefighting measures

- 5.1 Extinguishing media
- Suitable extinguishing agents:
- CO2, sand, extinguishing powder. Do not use water. Use fire extinguishing methods suitable to surrounding conditions.
- For safety reasons unsuitable extinguishing agents: Water with full jet

5.2 Special hazards arising from the substance or mixture Formation of toxic gases is possible during heating or in case of fire.

5.3 Advice for firefighters

Do not inhale explosion gases or combustion gases. • Additional information	
Additional information	
Cool endangered recentacles with water spray	
SECTION 06: Accidental release measures	
6.1 Personal precautions, protective equipment and emergency procedures	
Wear protective equipment. Keep unprotected persons away. Ensure adequate ventilation	
Keep away from ignition sources.	
6.2 Environmental precautions:	
Do not allow product to reach sewage system or any water course.	
Inform respective authorities in case of seepage into water course or sewage system.	
6.3 Methods and material for containment and cleaning up:	
Dispose contaminated material as waste according to item 13.	
Ensure adequate ventilation.	
6.4 Reference to other sections	
See Section 7 for information on safe handling.	
See Section 8 for information on personal protection equipment. See Section 13 for disposal information.	
ECTION 07. Handling and storage	
ECTION 07: Handling and storage	
7.1 Precautions for safe handling Keep receptacles tightly sealed.	
Keep away from heat and direct sunlight.	
Ensure good ventilation/exhaustion at the workplace.	
Prevent formation of aerosols. Handle with care. Avoid jolting, friction and impact.	
<ul> <li>Information about fire - and explosion protection:</li> </ul>	
Keep ignition sources away - Do not smoke.	
Protect against electrostatic charges.	
7.2 Conditions for safe storage, including any incompatibilities	
Storage:	
<ul> <li>Requirements to be met by storerooms and receptacles:</li> </ul>	
Store only in the original receptacle. Prevent any seepage into the ground.	
Use only receptacles specifically permitted for this substance/ product.	
<ul> <li>Information about storage in one common storage facility:</li> </ul>	
Not required.	
<ul> <li>Further information about storage conditions: Keep container tightly sealed.</li> </ul>	
Protect from heat and direct sunlight.	
Store receptacle in a well ventilated area.	
7.3 Specific end use(s)	
No further relevant information available.	
SECTION 08: Exposure controls/personal protection	
8.1 Control parameters	
<ul> <li>Ingredients with limit values that require monitoring at the workplace:</li> </ul>	
Not required.	

- Individual protection measures, such as personal protective equipment
